Ready for the future.

# INTERSCHUTZ – your place of action for business and contacts

INTERSCHUTZ puts the spotlight on one central theme: “Teams, tactics, technology – connected for protection and rescue”. To this end, the **world’s leading trade fair** in Hannover will cover two specific aspects: the deployment of innovative digital solutions and cooperation between diverse players, agencies and organizations.

The **world’s largest trade show** for the fire and rescue services, civil protection, safety and security in June 2020 will again provide exhibitors and visitors with an **unrivalled global summit for the entire sector**.

As in the past, **fire fighting, rescue and fire prevention** will form some of the event’s major highlights. A separate forum allowing for extensive talks and networking opportunities will be devoted to each of the three keynotes in this sector.

INTERSCHUTZ – join us in shaping the future!

“ We decided to be part of INTERSCHUTZ 2020 because as manufacturers in our area of business INTERSCHUTZ is clearly the place to be. It’s the platform where we can effectively showcase our products, solutions and innovations to customers and business contacts. ”

Christian Kleebauer, Rosenbauer

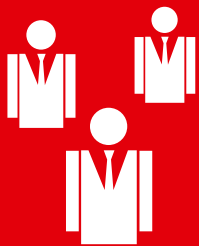

## For exhibitors a fail-proof operation!

The main reasons for exhibiting here:

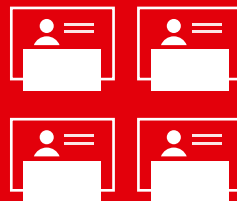

- INTERSCHUTZ offers great opportunities for networking with key players in your sector.
- Modern exhibition halls, a large open-air site and demonstration areas provide a perfect platform for presenting your innovative products.
- Access to buyers visiting from all over the world.
- Special events and conferences on topical issues relating to fire prevention, rescue, emergency services and disaster relief – where you can listen and be heard!

## The facts – an overview of INTERSCHUTZ

**157,000**

visitors

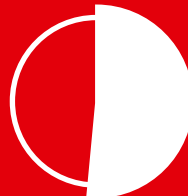

**1,498**

exhibitors

**178,000 m<sup>2</sup>**

display area

**53 %**

of the exhibitors from abroad

# Your operational area – an overview of the keynote themes

Fire services, rescue services, civil defence and security – with this unique mix of topics  
INTERSCHUTZ embraces the entire range of emergency services

Civil protection: technical and logistical solutions  
for disaster and emergency management  
(Hall 17 and open-air site)

“ We contribute to the ongoing development of INTERSCHUTZ. Our input covers the operational side as well as the development of concepts and the technological support involved. In particular, we focus on increasingly important aspects such as emergency preparedness, resiliency and critical infrastructures. ”

Benno Fritzen, vfdb (German Fire Protection Association)

Fire fighting / fire prevention: technology and  
innovative solutions (Halls 12, 13, 14, 27 and open-air site)

“ We’ll be at INTERSCHUTZ 2020 as it provides a great platform for our top products. At the same time, it is an opportunity to learn about the major concerns and interests within the emergency services as well as to identify market demands. The information we gather then helps to shape our product development program. ”

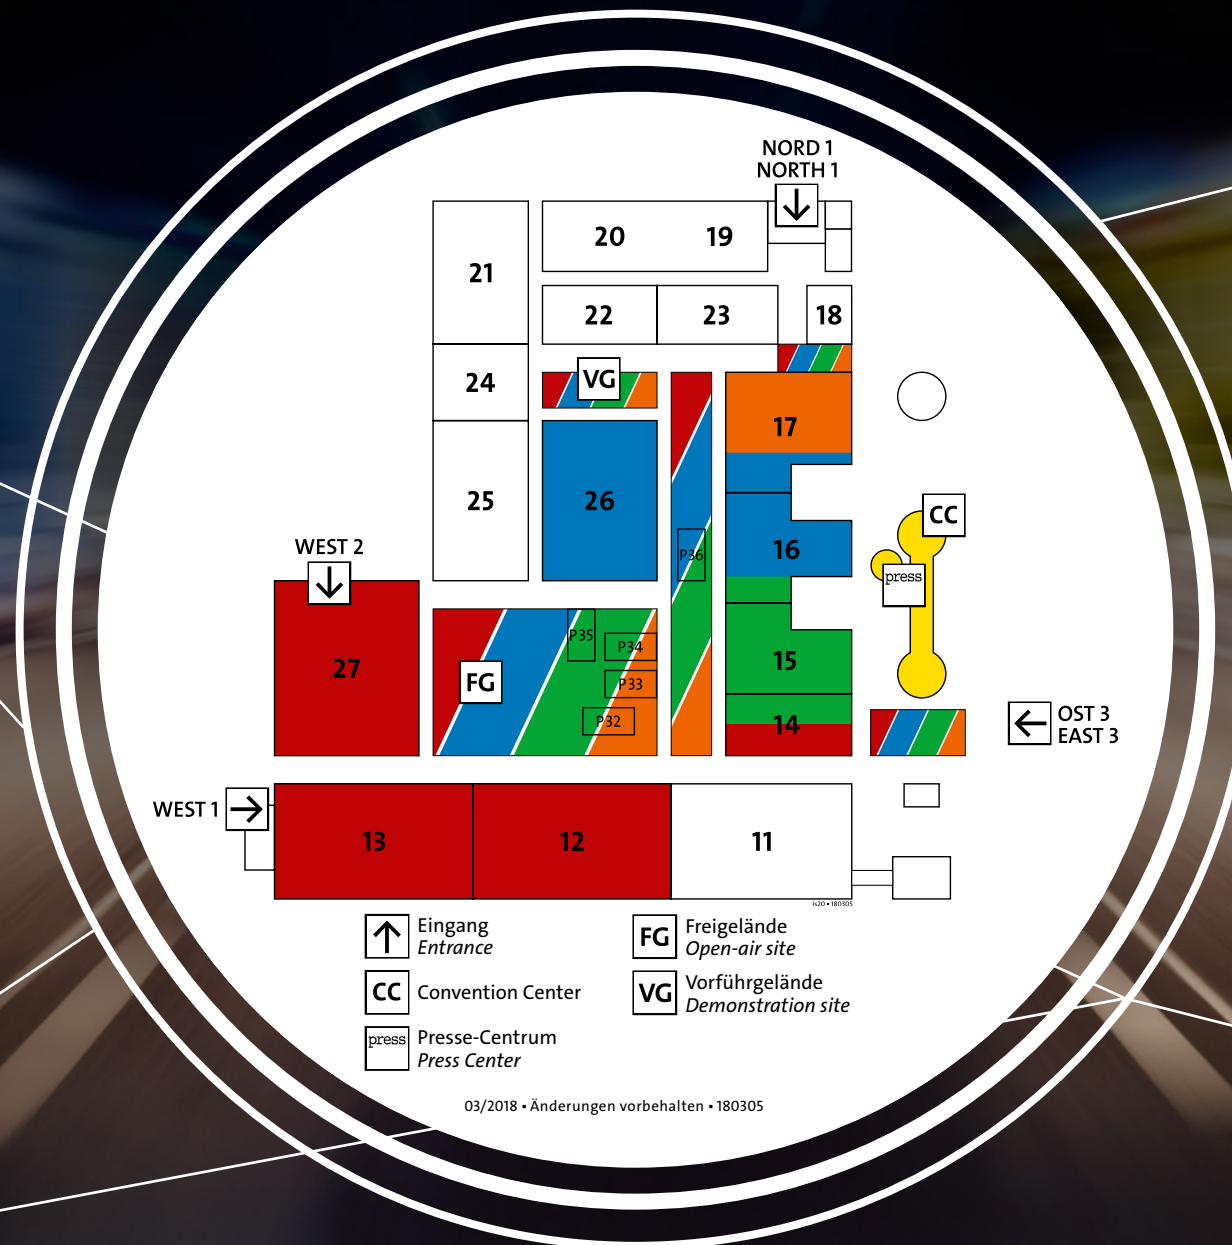

Martin Zaindl, MAN

Rescue: emergency, first-aid and medical equipment  
(Halls 16, 17, 26 and open-air site)

“ We’re coming to INTERSCHUTZ 2020 because INTERSCHUTZ in Hannover provides our company Wietmarscher Ambulanz with the perfect platform for meeting customers from home and abroad and for showcasing the latest products on the marketplace. ”

Matthias Quickert, WAS

Personal protective equipment, safety & security technology,  
hardware, software, IT services (Halls 14, 15, 16 and open-air site)

“ We’re taking part in INTERSCHUTZ 2020 because this is the meeting-place for fire services from across the globe. Quite simply, INTERSCHUTZ is unique. Not just a major trade show, but an international festival for fire services worldwide. ”

Ewald Haimerl, HAIX

## Register online now!

Contact the INTERSCHUTZ control centre without delay.

If you already know how much stand space you need and have your specifications, you're all set to use our new **INTERSCHUTZ Shop!**

You can easily configure your stand space. Simply select the components and services you need and book directly online.

Would you prefer to speak to someone in person about how to create the perfect stand for your presentation? It goes without saying that our Service Team will be on hand to advise. Details of your direct link to our control centre can be found on the back page.
